SUPC	Work on Western has been nice
Summit Grand + South (?)	Build a block-long park across 94 similar to Leif Erickson in Duluth over 35E
*Blank	-Add trees to median -Signals at Central, Aurora
University	Clear traffic signs

*What are the worst locations for traveling by walking, biking, or wheelchair?*

<b>Location</b>	<b>What makes this location the worst?</b>
Dale St Apartments	Dirt on the sidewalks
Dale St Bridge	I bike, and cars move too fast. Cars don't look when moving off the freeway. Need protected bikeways
*Blank	Need safe bike paths - off street/seperate from traffic
Dale from University to St Anthony Ave	Dale st from University to St Anthony all the cut offs they have can't cross over, and have to go long way down street just to cross over, also light on bridge is bad
Rondo library	I have to go north and cross University to get to Nice Ride Station and then go back south
St Anthony - Dale	Can't see people walk or bike
Anywhere along Dale except around University	No boulevard
Aurora, Central, Fuller	No crosswalks
Bridge over 94 at Concordia	Needs a crosswalk light to be activated when kids are crossing to/from Rondo Education Building
*Blank [Dale St Bridge??]	It's been there forever - It needs to be safer
